

Como Community Sunday Series

# Minnesota's Day-Flying Moths, Butterflies and Their Native Food Plants

Free!  
Everyone  
welcome

February 19, 2012

2-3:30 p.m.

North Dale Recreation Center

1414 St. Albans St., St. Paul

Heather Holm, horticulturist, Wild Ones member, and author of the blog "Restoring the Landscape with Native Plants," will discuss the lifecycles of butterflies and moths, and their amazing adaptations and survival strategies. Learn more about 20 moth and butterfly species and how our gardens can help them flourish.

Coming  
up

Tales of Old Como: March 18  
Beyond Coneflowers: April 15
