6:30-8:15pm

In Attendance: Cailin Rogers, Chiara Marano, Brian Longley, Charlie Christopherson, John Mark Lucas, Pat Thompson, Scott Simmons, and Max Herzberg.

<p>6:30 Introductions and Agenda 6:41-Introductions. The agenda was approved unanimously.</p>	
<p>6:40 Equity 10 Year Planning Framework-Max Herzberg and Scott Simmons from the Board 6:41-Going forward with an equity lens. Guiding questions and committee specific questions. Questions the Transportation Committee can and should be asking in 10 year plan guidelines.</p> <p>This document is meant to help with those patronizing feelings. Going to underrepresented groups in the community and asking them what they are thinking/feeling/wondering. This framework should empower committee to have these conversations. Is participating in council meetings assessable to everyone?</p> <p>Impact of how light rail is shaping community. Challenge to get businesses to show up for meetings if it's not about parking spaces, etc. Fostering equitable communication.</p> <p>Feedback will help equity committee to hone process for them and everyone else. Homogenous boxes and isolation in the community. Want developers to start asking these questions surrounding equity. Or rather, search out developers who do provide equitable conversation and work.</p> <p>Equity Committee hopes to provide a framework to help tease that out. Steering Committee has not come up with timeline. End of engagement period by August. Rests heavily on steering/equity committees. Steering Committee gets draft in December and city will respond to that.</p> <p>Equity Committee is open to work shopping ideas with other committees. Next month or two is about toolkit/rolling out communications guide. Scott is always open to set up outside meetings to talk.</p>	
<p>7:10 Discuss: Improve connections with neighbors of all types 7:15-Hosting community meetings. Going to other people's events/meetings/gatherings. Intentional presence is good for the</p>	<p>Pat will find circulation numbers from Bugle.</p>
