

Transportation Committee Minutes  
May 2, 2016

In attendance: Brian Longley (chair), Ray Bryan, Betty Wheeler, Daniel Sarasti, John Mark Lucas, Scott Jensen, Les Everett  
Staff: Cailin Rogers

Agenda and minutes	John Mark moved to approve the minutes and agenda. Ray seconded. It passed unanimously.
Stop for Me	The Stop for Me campaign was suspended because of rain. It will reconvene on May 10th, same times, same places.
ADA Sidewalks	There are no cut outs on Territorial. John Mark moved that the Transportation Committee file a request with the City of St. Paul to formulate an ADA accessible route between Seal Hi-Rise and Raymond Station on Carleton. Les seconded. It had unanimous approval.
Como Ave. Reconstruction Planning	Cailin to touch base with Jeff on the audio files. We will discuss further next month.
Art Fair Planning	Drive 25 pledge will be the focus. Brian to check in with Pat regarding graphics. Maybe we should charge a small amount for bumper magnets to generate an amount of money to buy more magnets. Brian will volunteer to get tables and a tent from Langford. Ray, Gordon, and John Mark volunteered to help set up.
Cleveland Planning	Les got ahold of City and County folks to connect Reuben to the county to make sure the city bike plan and sidewalks are represented in the county plan. He suggests checking in with them every couple of months.
Other agenda items	Raymond has Xcel gas lines going on right now. Everyone is getting a new gas line--no actual road construction has begun.
Adjourn	John Mark moved to adjourn.
